

---

Since the establishment of **The Gus Cherevas Estia Pindus Chapter 326 Scholarship Program**, Over 30 years ago, the goal has consistently been the advancement of education for the next generation. Through the support of our scholarships, the aim has been to alleviate some of the burdens today's students face. To date we have awarded close to \$120,000 in scholarships.

The cost of education should not act as a barrier but rather mirror a student's aspiration to achieve scholastic enrichment in their young lives. Therefore we are happy to announce the 2024 **Gus Cherevas Estia-Pindus Chapter 326 Scholarship**, applications are now available. For more details and access to the application, please visit our website at... **nycAhepa326** or at [moskos.ahpa326@verizon.net](mailto:moskos.ahpa326@verizon.net).

We look forward to your participation.
